One Bowling Green  
New York, NY 10004

Attn: Judge Robert D. Drain

Ref:

Delphi Corp Case # 05-44481 filed October 8, 2005

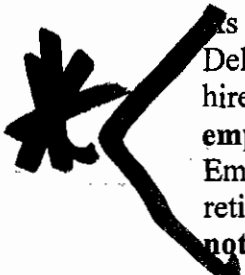

Document # 14705 to cancel OPEB (health insurance benefits) for all retirees

Dear Judge Drain:

This letter is to express my concerns with Document #14705 filed by Delphi Corporation on February 4, 2009 asking the court to cancel health insurance benefits (OPEB) for over 15,000 people who are retirees of Delphi Corporation.

Please note that this letter is an **OBJECTION** to that document and file it as a motion to object to document #14705.

This document was filed with no previous warning to any of the employees hired before 1993 and retirees of Delphi Corporation and was only made known to us via letter on February 5, 2009 and gave us a mere twelve days to file our objections.

As I write this letter I am still a Delphi employee with over 30 years. As you are aware, Delphi made concessions to the employee retirement benefit program for employees hired in 1993 and later and then again for employees hired in 2001 and later. **These employees understood they would not have health care coverage in retirement.** Employees hired **prior to 1993** were told we **would have** health care coverage in our retirement. We did not anticipate having this financial hardship in our retirement and **did not make plans for this during our 30+ career.**

With the current state of the economy, many current employees and retirees who had saved for retirement in their Stock Savings Plans, have lost almost 40% of their savings. As you know, the cost of living has increased significantly in the last two years. This coupled with the loss of health care benefits would have a crippling effect on the lives of every current and impending retiree of Delphi Corporation.

This change will impact not only the Delphi retirees but the communities they live in.

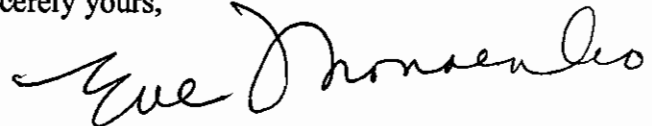

It is my belief that there are other ways to restructure the company and still retain health care for retirees. Health care benefits are currently scheduled to stop at the age of 65 for

all retirees. This cost is a decreasing cost to the company as each of us reaches that 65 age milestone.

Please know that each of the 15,000 retirees who will be negatively impacted by this action will be looking to you for your consideration when making the decision concerning Document #14705 dated February 4, 2009.

**We ask you to REJECT this motion.**

Sincerely yours,
